Burke Street Early Learning Center @ Girls Inc.

The Burke Street Early Learning Center is a full day program offering a safe, nurturing environment for children aged 3-4 years.

Our mission is to provide quality early care and education experiences for children to promote development and develop strong, supportive relationships with families.

Our program centers on the belief that children learn best through active learning experiences. We provide opportunities for children to learn about each other, their community, and the world around them through hands on, developmentally appropriate activities.

Girls Incorporated of New Hampshire

of NEW HAMPSHIRE

Program

The Burke Street Early Learning Center is a full-day program offering a safe, nurturing environment for children aged 3-4 years.

- Maximum of 20 children
- Low child to teacher ratio
- Licensed by the State of New Hampshire
- Two Lead Teachers & Two Assistants
- Full gymnasium for physical fitness activities
- Nutritious, hot meals cooked in our own commercial kitchen provided at no additional cost (breakfast, lunch, snack, and dinner)
- Convenient and affordable
- Open 7am to 6pm , Monday through Friday

Goals

Our goals for the children we care for include building upon critical thinking, problem solving, and self-regulation skills.

Philosophy

- Children need to be met where they are in their development. We nurture the whole child and plan activities that develop physical, social, emotional, cognitive, creative, and language skills.
- Family involvement is very important to a child's well being. We believe the parent is the child's first teacher and we work alongside families to build cultural consistency.
- Children require a safe, healthy environment with professionals. Our program is licensed and our staff is teacher certified.

Tuition & Eligibility

Weekly tuition is \$175 and is payable to *Girls Incorporated of New Hampshire*. A registration fee is due when registering, equal to one week's tuition. This deposit pays for the 1st week of school. **Deposits are non-refundable and non-transferable.** The preschool program is co-ed and children must be 3 or 4 years old by August 31st.

Curriculum

Since BSELN follows principles of developmentally appropriate practice, our curriculum is based on what we know about how children learn. We know that children learn through play based experiences using a wide variety of materials. Therefore, we encourage children to investigate their environment, whether it is the natural world of the outdoors, or intentionally planned activities designed by our teachers.

Our staff uses an inquiry-based method when teaching. This means that instead of focusing on a "right or wrong" answer, we encourage children to ask questions such as "why and how?" This approach to teaching helps children learn problem solving skills and allow the teacher and child to work together in the classroom, rather than the teacher being the distributor of information and the child being a receiver of information.
